IMPORTANT INFORMATION

New Motor Insurance Law

From early 2011 a new law gives DVLA more power to combat keepers of vehicles that are not insured.

DVLA will compare its records with details of vehicles on the MID (Motor Insurance Database) – the UK's central record of vehicle insurance.

If a vehicle does not have insurance and a Statutory Off Road Notification (SORN) has not been made, the registered keeper could face;

- a fixed penalty of £100
- their vehicle being clamped, seized and disposed of, and
- a court prosecution with a maximum fine of £1000.

These new measures are in addition to the powers the police already have to seize an uninsured vehicle and fine the driver.

If you want to check your vehicle is recorded as 'insured' on the MID record, visit the free service at www.askMID.com

Do not contact DVLA as only your insurance provider can update your insurance details on the MID. If your vehicle registration number is not on the MID, contact your insurance provider immediately to get the MID updated.

What this means for you

- If you are keeping your vehicle for use on the road and it is not insured, **insure it now.**
- If you are keeping your vehicle off the road and it is not insured you must make a Statutory Off Road Notification (SORN). If it is taxed you need to return the disc (including nil discs) on a V14 form to DVLA.

For more information and to get a V14 form, visit www.direct.gov.uk/stayinsured

INS210/1 1/11

Online vehicle checks on the DVLA and askMID websites:
www.buyinganmg.com/vehiclechecks.htm

The forms alongside have been designed so you can print off a copy, fill in the data for your car and then cut out a form using the faint grey border as a guide. They are sized so they will fit in your debit and credit card holder and be available as a regular reminder of when an expiry or renewal date is due. The aim is to avoid your overlooking a key date, not least an insurance renewal date if your car is parked up in your garage over Winter months for example.
